### How does driver registration for the Dirt Million work?

The Dirt Million has an element to its format and structure which can directly benefit early online registered drivers. When a driver registers in advance online for the Dirt Million they will automatically be assigned a profile page on DirtMillion.com. Through their profile page, they will have the ability to drive their own traffic through their own fans, relationships, sponsors and directly send that traffic to their own specific driver page. At a driver's page, visitors have the ability to support that specific driver by making purchases on items that directly benefit that driver such as, fuel, tires, pit passes and registration fees. These items are also found in the "Driver's Corner" section of the online store. Also, all site shoppers have the ability to make any purchase on DirtMillion.com count toward a selected driver at checkout and help that

specific driver earn "Reward Points". Refer to the DRIVER REWARDS POINTS PROGRAM for additional info.

**All competitors in the Dirt Million event are required to adhere to the terms & conditions below:**

**TERMS & CONDITIONS:** By submitting a registration/entry to compete in the event, you confirm that you agree to abide by all rules, regulations, terms & conditions of the sanctioning body (Lucas Oil Late Model Dirt Series), the event and the venue (Dirt Million & Mansfield Motor Speedway). All rules, regulations, terms & conditions are tentative and subject to change at the sole discretion of the event management for any or no reason at all. Any interpretation or deviation of these rules, regulations, terms & conditions are left to the discretion of event management, their decisions are final. **INJURY/DAMAGES/LIABILITY RELEASE:** Driver and Car owner, as well as all parties affiliated with this registration form hereby release and waive any and all claims pursuant to the release and waiver of liability and indemnity agreement. Additionally, you agree that upon arrival you are required to sign this agreement. **ADVERTISING AND PROMOTIONAL RELEASE:** By submitting a registration/entry form, the Driver and Car owner hereby authorize event management and it's authorized agents, the right to use such Driver's Name, Likeness, performance and car # as they choose and for all purposes including but not limited to photographs, videos, images, audio, merchandise, promotional materials, print, digital, social media, including such Driver's racing vehicles of which they compete. This release is granted both before the scheduled event and after the scheduled event. **RELINQUISHMENTS REQUIRED:** All registered drivers & car owner's hereby understand and agree to relinquish specific items to event management. These relinquished items will become the sole property of event management, will not be returned and event management shall use such items for any purpose event management may choose. All relinquished items are as follows; At the completion of the DIRT MILLION main event, all 28 main event starters will be required to remove the (Passenger Side) right side door panel (As Is) from the vehicle of which they competed in the race. The door panel will be relinquished to event management and will not be returned. The DIRT MILLION main event race winner will also be required to relinquish several other items including; the race vehicle's (Driver Side) Left side door panel, Right Rear Quarter Panel, Left Rear Quarter Panel and Hood; the Driver will be required to relinquish the hand gloves, helmet, shoes and steering wheel of which they competed with in the main event. **PRIZE MONEY:** All prize/purse money will be distributed/issued via process determined solely by event management. Prize/purse money will not be issued without a verified IRS Form W-9 on file. All registered drivers and teams and their payee, acknowledge they are participating in the event at will and that they are independent contractors. As independent contractors you acknowledge responsibility for all prize money dues & liabilities including income and withholding taxes.

**What does Driver Registration cost?** The early online driver registration fee is \$150, prior to the August 13<sup>th</sup> deadline. Registration does not include the driver's pit pass. Upon completing this registration, a driver may select to pay their own registration fee, or they may elect to leave their registration fee as "PENDING" in the hopes of gaining the support of someone else to pay that registration fee for them. If the registration fee has not been paid prior to the deadline of August 13<sup>th</sup>, it would be that competitors responsibility to ensure that their registration fee is paid at that time. The online early registration fee must be paid online prior to the deadline, or the registration fee discount will no longer be available for that driver. Driver's electing NOT to register online early in advance before the August 13<sup>th</sup> deadline, will still be eligible to register onsite at the event. Onsite at the event, the same registration form and entry blank is required to be completed and the entry/registration fee for a driver at that time will be \$200. **EARLY ONLINE REGISTRATIONS WILL ONLY BE ACCEPTED PRIOR TO THE AUGUST 13<sup>th</sup> DEADLINE - NO EXCEPTIONS.** ALL Registrations, Fees and Reward points are **NON-REFUNDABLE & NON-TRANSFERABLE - NO EXCEPTIONS.**

**How does Driver Reward Points for the Dirt Million work?**

The Dirt Million Driver Rewards points program is a unique opportunity for drivers & teams to get more involved with the Dirt Million event. As a registered driver you are automatically setup with a driver profile page on DirtMillion.com Reward points are accumulated in 3 specific categories: SOCIAL MEDIA | REPRESENTATION | REVENUE. The top 4 drivers that have accumulated the most reward points as of the Week 25 deadline (August 13<sup>th</sup>) and closing of

rewards points collection, will receive an automatic provisional starting spot into the starting field of the Dirt Million main event, thus giving large incentive to all drivers to register as early as possible and certainly promote themselves and their individual pages on DirtMillion.com. In order to be listed on DirtMillion.com for visitors that would like to support you as a driver, you must register in advance early online before the deadline of August 13th, 2018. Driver's will not be able to accumulate reward points after the August 13<sup>th</sup> deadline. The earlier a registration is received the better opportunity you have for your fans and sponsors to see your name and try to provide additional support. The top 4 in final reward points and provisional starting spot recipients will be announced on Tuesday August 21<sup>st</sup>.

### **How does a driver obtain items (Tires, Fuel, Pit Passes) that are purchased for them online at DirtMillion.com?**

Items purchased online at DirtMillion.com for specific drivers, may be picked up onsite at the event only by that specific driver, **NO EXCEPTIONS**. If a registered driver does not end up attending the Dirt Million, they will not be able to obtain items that were purchased for them. Each competitor will be contacted prior to the event and made aware of what items are waiting for them onsite at the event.

### **Rules**

Rules for the Dirt Million event will be based on the 2018 Lucas Oil Late Model Dirt Series rulebook: [http://lucasdirt.com/images/files/lucas\\_dirt\\_rulebook.pdf](http://lucasdirt.com/images/files/lucas_dirt_rulebook.pdf)  
Special rules, requirements and procedures may be applicable for the Dirt Million event. Rules are subject to change at the sole discretion of Mansfield Motor Speedway / Lucas Oil Late Model Dirt Series, their decisions are final.

- **Hot Pit & Work Area** – The hot pit work area is located in the infield on pit road, directly in front of the crew member yellow box. All crew members are required to stay inside the yellow crew box at all times. The infield at Mansfield Motor Speedway is restricted to 3 total crew members per team. Each team will be provided 3 infield wristbands. In the event of a flat tire, drivers **MUST** enter pit road off of Turn 2 and proceed around pit road, coming to a stop in the work area in order to receive courtesy laps. **DO NOT TURN IN BACKWARDS AT TURN 1.**
- **VENUE POLICIES & REGULATIONS ARE REQUIRED TO BE FOLLOWED.** Please find those online at: <http://www.mansfieldmotorspeedway.com/policies-regulations/>
- **UTV's, ATV's, Mules, Gators, Pit Bikes, Etc** – Are allowed for competitor use only. Competitors must register these types of vehicles at the pit registration trailer upon arrival. These type of vehicles are not allowed outside of the pit area or anywhere on property outside of pit gates.
