How does driver registration for the Dirt Million work?

The Dirt Million has an element to its format and structure which can directly benefit early online registered drivers. When a driver registers in advance online for the Dirt Million they will automatically be assigned a profile page on DirtMillion.com. Through their profile page, they will have the ability to drive their own traffic through their own fans, relationships, sponsors and directly send that traffic to their own specific driver page. At a driver's page, visitors have

the ability to support that specific driver by making purchases on items that directly benefit that driver such as, fuel, tires, pit passes and registration fees. These items are also found in the "Driver's Corner" section of the online store. Also, all site shoppers have the ability to make any purchase on DirtMillion.com count toward a selected driver at checkout and help that specific driver earn "Reward Points". Refer to the DRIVER REWARDS POINTS PROGRAM for additional info.

ALL competitors in the event are required to adhere to the terms & conditions of the Dirt Racing Association (DRA) below:

What does Driver Registration cost? "EARLY" Online driver registration fee is \$200, prior to the August 12th deadline. Registration does not include the driver's pit pass. Upon completing the registration, a driver may select to pay their own registration fee, or they may elect to leave their registration fee as "PENDING" in the hopes of gaining the support of someone else to pay that registration fee for them. If the registration fee has not been paid prior to the deadline of August 12th, it would be that competitors responsibility to ensure that their registration fee is paid at that time. The online "EARLY" registration fee must be paid online prior to the deadline, or the registration fee discount will no longer be available for that driver. Driver's electing NOT to register online early in advance before the August 12th deadline, will still be eligible to register onsite at the event. Onsite at the event, the same registration form, terms & conditions and entry blank is required to be completed and the entry/registration fee for a driver at that time will be \$250. **EARLY ONLINE REGISTRATIONS WILL ONLY BE ACCEPTED PRIOR TO THE AUGUST 12th DEADLINE - NO EXCEPTIONS.** ALL Registrations, Fees and Reward points are **NON-REFUNDABLE & NON-TRANSFERABLE - NO EXCEPTIONS.**

How does Driver Reward Points for the Dirt Million work?

The Dirt Million Driver Rewards points program is a unique opportunity for drivers & teams to get more involved with the Dirt Million event. Once you become a registered driver, you will be setup with a driver profile page on DirtMillion.com. Reward points are accumulated in 3 specific categories: SOCIAL MEDIA | REPRESENTATION | REVENUE. The top 5 drivers that have accumulated the most reward points as of the August 12th final week deadline and closing of rewards points collection, will receive an automatic provisional starting spot into the starting field of the Dirt Million main event, thus giving large incentive to all drivers to register as early as possible and certainly promote themselves and their individual pages on DirtMillion.com. In order to be listed on DirtMillion.com for visitors that would like to support you as a driver, you must register in advance early online before the deadline of August 12th, 2019. Driver's will not be able to accumulate reward points after the August 12th deadline. The earlier a registration is received the better opportunity you have for your fans and sponsors to see your name and try to provide additional support. The top 5 in final reward points and provisional starting spot recipients will be announced on Tuesday August 20th.

How does a driver obtain items (Tires, Fuel, Pit Passes, etc) that are purchased for them online at DirtMillion.com?

Items purchased online at DirtMillion.com for specific drivers, may only be picked up onsite at the event by that specific driver, **NO EXCEPTIONS.** If a registered driver does not end up attending the Dirt Million, they will not be able to obtain items that were purchased for them. Each competitor will be contacted prior to the event and made aware of what items are waiting for them onsite at the event.

Rules Rules for the Dirt Million event will be based on the 2019 Lucas Oil Late Model Dirt Series rulebook.

Special rules, requirements and procedures may be applicable for the Dirt Million event. Rules are subject to change at the sole discretion of the Dirt Racing Association & Lucas Oil Late Model Dirt Series, their decisions are final.
